

SLIDEs201

Transform your classroom dynamics

Promotes a collaborative learning

SLIDE S201 is a mobile interactive learning tool that promotes a more collaborative environment in the classroom and enhances the creation of a collective knowledge.

Purpose-built for Education

SLIDE S201 brings the benefits of mobility to the front of the classroom. The simplified docking connector through magnet enables an easy transition between tablet, clamshell and convertible modes. The touch screen offers new and more intuitive ways of working and the included fine tip stylus pen allows to easily perform assignments that require more precision.

Light and Semi-Rugged Design built to last

Featuring a light but semi-rugged design, SLIDE S201 is prepared to handle student use inside and outside of the classroom. It is resistant to drops up to 70cm, and the keyboard docking station is resistant to liquid spillage, offering more protection and extending the device's lifespan.

Preloaded Inspiring Knowledge Education Software and Science Kit Included*

SLIDE S201 includes ikES, a stack of software tools which gives teachers and students the opportunity to engage together in a fulfilling learning experience. The Microlens snaps on the webcam and works as a microscope (up to 30x magnification lens) for science tasks and the Thermal Probe detects temperature fluctuations.

*Accessories work in conjunction with ikES (Inspiring Knowledge Education Software)

Technical Specifications

OS	Windows 10 PRO
Platform/CPU	Intel® Atom™ Z8300
Memory	2GB DDR3L
Storage	64GB eMMC
Screen	10.1" HD 1280x800, 350nit, multi-Touch
Battery	3 cel. 6300 mAh (up to 7 hours)
Adapter	5V/2A, 10 Wats, USB plug, EU/UK/US plug.
Connectivity	WiFi 802.11 b/g/n with BT 4.0 + EDR
Security	fTPM 2.0
Camera	Front: 2.0M, Rear: 2.0M
Audio	2x0.7W speakers, digital microphone.
Sensors	G-sensor; e-Compass; Gyroscope; Light sensor, Thermal Probe sensor
I/O ports	1x micro-USB, 1x Micro SD Card Slot; 1x Audio combo jack; 1x Micro HMDI
Ruggedness	drop test up to 70cm drop, IP52
Weight	795g
Dimensions	275.5 x 180.8 x12.3mm
Accessories	Capacitive Stylus Pen; Micro Lens; Thermal Probe, USB cable, Dock/Keyboard
Education Software	ikES included

ik Classroom Management
enables teachers to manage all learning activities.

ik Parental Control
Security Ecosystem Platform, to manage children's activity.

LabCamera
promotes experiments using the built-in camera.

SPARKvue®
promotes scientific inquiry and experimentation.

Media Camera

Media Camera
enhances creativity and media literacy.

McAfee® Antivirus
protects devices from malware and enforces safe computing practices.

Intel® Education Theft Deterrent
protects lost or stolen devices.
