

Transporter Cases

Compact, light & cost effective tablet transporters

The **zioxi** Transporter Cases are great for moving iPads and tablets between floors & buildings, and even out and about. Charging and storage for 15 iPads & tablets with options for integrated USB power or intelligent USB charge & sync.

Key features:

- At less than 11 Kg, the 15 bay iPad case is much lighter and smaller than alternative products
- Intelligent, universal and upgradeable charge & sync electronics designed and manufactured in the UK
- Separate, easily accessed storage for the mains cable & plug
- Cleverly designed ventilation for charging with the lid closed
- Telescopic handle & castors
- Designed for iPads & most tablet PCs in standard cases (even as large as the Griffin Survivor and Otterbox Defender) - but please check dimensions including USB power connector before ordering
- **zioxi** cable management means only a short length of USB cable is presented to users - so the case is always neat & tidy
- Constructed from high impact plastic with shock absorbing bumpers and corner protectors
- Cases are foam lined for added protection with lockable lids

Please check device dimensions including USB connectors & cases before ordering.

End power connection

Back power connection

Construction	Ruggedised HDPE case and lockable lid, with foam lining and robust slot dividers.
Power connection	Detachable 1m IEC mains lead. External IEC socket. (USB cables for connecting to each device are not included)
Charge & Sync	Intelligent charge and sync technology detects each connected device and determines the optimum charge settings - so each device will charge just as fast as if it were plugged directly into a wall socket. Supports any device which is USB chargeable. Sync connection to a host laptop or PC is via a USB cable - this host sync connection USB cable is supplied. Upgradeable through s/w download to ensure support for future devices.
USB Power only	Intelligent USB charge only technology detects each connected device and determines the optimum charge settings. No need to purchase or store USB AC power adapters. Compatible with all Apple and Android tablets, smartphones and other USB-charged devices.
Warranty	5 years (2 years for electronics)
