POINT.

Sentarnos afuera y sentirnos adentro. O viceversa. Hay muebles que eliminan fronteras y estrechan lazos. Salones que salen al jardín, terrazas que entran en casa. Esa es la magia de POINT, su capacidad de prolongar el hogar en nuestros espacios exteriores y de ser un soplo de aire puro que se cuela para crear ambientes naturales.

Imagine sitting outside and feeling like you're inside. Or vice versa. Furniture capable of doing away with barriers and strengthening connections. Rooms that make their way out into the gardens and patios that feel like a part of the home. This is POINT's magic, its ability to extend the home into our outdoor spaces and be a breath of fresh air that manages to sneak its way in and create natural environments.

Outdoor living

POINT cumple un siglo y tres generaciones. Pocas empresas pueden decir lo mismo. La marca referente internacional en mobiliario de exterior celebra sus 100 años de una historia trenzada a mano. En cada hilo, en cada nudo, en cada recodo de sus formas se pueden leer, como prismas de su tiempo, todo el diseño, la evolución y la cultura del mueble de fibra y ratán elaborado en España.

Las modas pasan, los gustos de los consumidores evolucionan, los materiales se amplían y los diseños se renuevan incesantemente. Pero la esencia de POINT ha permanecido durante tres generaciones, prolongando nuestros hogares al aire libre y haciendo confortables jardines, terrazas, hoteles y restaurantes. Hoy, como hace un siglo, son sus muebles los que hablan de POINT, de su pureza, de su bienestar y de su filosofía, difundiendo por todo el mundo la cultura que hay detrás de ellos.

POINT is turning 100 years old, having passed through the hands of three generations. Few companies can say the same. The international leader in outdoor furniture is celebrating 100 years of handwoven history. Each and every thread, knot, and shape acts like a prism through which you can perceive the design, evolution and culture of their woven fibre and rattan furniture that is made exclusively in Spain.

Trends come and go, consumer tastes evolve, materials improve and designs are constantly being renewed. But POINT's essence has remained the same for three generations, bringing our homes into the outdoors and making sure our gardens, terraces, hotels and restaurants are as comfortable as possible. Today, just like a century ago, POINT's furniture speaks for itself, it speaks of the brand's purity, wellbeing and philosophy, spreading the culture behind this furniture all over the world.

100 years creating exteriors with soul

NEW

Dalmatia

Nika Zupanc

Los veranos junto al mar Adriático, la blancura de las piedras de sus playas o el color púrpura oscuro de la madera de sus pinos inspiran las líneas sinuosas y delicadas de la colección Dalmatia. Un perfecto equilibrio entre innovación, tecnología y diseño en una colección de exterior en aluminio que destaca por la frescura de sus líneas, su confort y su solidez.

Summers by the Adriatic Sea, the whiteness of the stones on the beach, or the dark purple of the wood from pine trees, this is what inspired the sinuous and delicate lines of the Dalmatia collection. A perfect balance between innovation, technology and design in an outdoor aluminium collection, which stands out thanks to the freshness of its lines, its comfort and its strength.

Min

Francesc Rifé

Las cintas tensadas en los respaldos y en las bases de los muebles de esta colección nos traen bellos recuerdos de otros tiempos. Ahora también forman parte del mobiliario más moderno de exterior y su aire retro contrasta con las estilizadas líneas de aluminio que vertebran la serie Min.

With bands stretched across the backrests and bases of the furniture in this collection, we are flooded with beautiful memories of times past. As part of the most modern outdoor furniture, their retro air creates a unique contrast against the stylised aluminium lines that make up the backbone of the Min series.

Sir

Francesc Rifé

Los muebles de aluminio de la colección Sir, con sus líneas rectas, sus respaldos en tela Batyline® y sus reposabrazos de madera natural de teca están diseñados para vivir las mejores experiencias *contract* y *hospitality*. Un glamour cálido y confortable para practicar el exteriorismo con estilo.

The aluminium furniture from the Sir collection, with its straight lines, its Batyline® fabric upholstery and its natural teak wood armrests, is designed to facilitate the best contract and hospitality experiences. Offering cosy and comfortable glamour to help create a stylish exterior design.

T

Gabriel Teixidó

En el exterior caben todos los colores y la innovadora colección T nos los trae en forma de sintéticas butacas, taburetes, mesitas y puffs de aluminio con algunos elementos tapizados. Diseño depurado y funcionalidad para espacios *contract* y *hospitality* que escapan a lo convencional.

All colours can be used outdoors and the innovative T collection brings them to us in the form of synthetic armchairs, bar stools, small tables and aluminium ottomans with a few upholstered elements. Refined design and functionality for contract and hospitality spaces that go beyond the merely conventional.

Anudando fibra a fibra, minuciosamente, como los pájaros Baya Weaver forman sus nidos, nace esta colección que evoca la tradición de envolver, atrapar y anudar las estructuras de cuerda que dieron origen a la firma hace 100 años. Sentarse, reclinarse en un sillón, tumbarse, mecerse, todo es posible en los más de 15 muebles con un sinfín de posibilidades de composición para crear espacios relajantes en el exterior.

By meticulously weaving each fibre together, just as the Baya Weaver birds build their nests, this collection evokes the tradition of wrapping, grabbing and knotting the rope structures from which the company was born 100 years ago. Sitting or reclining in an armchair, lying down, rocking... everything is possible with the more than 15 pieces of furniture offering an endless number of variations when it comes to create relaxing, outdoor spaces.
